"I pledge allegiance to the flag, of the United States of America, and to the Republic for which it stands, one nation, under God, indivisible, with liberty and justice for all."

V. AGENDA APPROVAL –

On a voice vote, the agenda was approved as submitted.

VI. INTRODUCTIONS –

The Mayor introduced the following individuals; Washtenaw County representatives Nathan Vogt and Deborah Borden, OHM Engineers Marcus McNamara and Kent Early, Parks and Recreation Committee members Bob Krzewinski and Anne Brown, Eastern Michigan University Professor Joe Ohren, Community Development Director Teresa Gillotti, DPS Director Stan Kirton, Assistant to the City Manager Ericka Savage, Assistant City Attorney Jesse O'Jack, City Clerk Frances McMullan, and City Attorney John Barr.

VII. PRESENTATIONS –

1. Capital Projects – City Manager Ralph Lange, DPS Director Stan Kirton, OHM Engineers Marcus McNamara and Kent Early.

Mayor Schreiber said there are two types of funding; the major streets are funded at the State and level local streets are funded by Local Governments. Mayor Schreiber added in 2000 the City passed a millage to repair local roads and that millage is still being paid.

Mayor Pro-Tem Richardson asked how long will the roads last.

Marcus McNamara, OHM Engineering, responded asphalt roads last from 15 to 20 years. Mr. McNamara stated Ypsilanti's local roads are entering their 15th year and are still in fairly good condition and part of the reason for that is the maintenance program performed by the DPS.

Mayor Pro-Tem Richardson stated on a recent trip to Marquette she noticed the roads were in much better condition there than in Ypsilanti and asked why that was.

Mr. McNamara responded it could be several reasons; the mixed designs may be different for colder climate specifications. Mr. McNamara added the biggest contributor, more than likely, is the thaw-freeze cycle where the Upper Peninsula sees two throughout the year the Lower Peninsula sees several.

City Manager Lange asked if the soil composition was more sandy in the Upper Peninsula stating in Ypsilanti there is a great deal of clay which inhibits drainage.

Mr. McNamara stated drainage could be a difference. Mr. McNamara added traffic in the Upper Peninsula is not nearly as heavy as it is here.

Council Member Vogt asked what date the PASER ratings were developed.

Mr. McNamara replied summer 2013.

Council Member Vogt stated the ratings did not include some recent repairs.

Mr. McNamara replied yes, that is correct.

City Manager Lange stated over the 2014-2015 period \$3 million have been allocated for road repairs of that only \$500,000 comes from the City.

Council Member Murdock stated grants cover \$1.9 million on the Prospect Street project; including the intersection grant and a grant for the bridge repairs plus a match from the City.

DPS Director Kirton clarified Ypsilanti is responsible for a 5% match from the City.

Council Member Murdock asked if the match will come out of the Major Street Fund.

Mr. Lange responded yes.

Council Member Murdock stated the Federal Highway Fund allocated \$75,000 for 2014, \$300,000 allocated for 2015 and \$350,000 allocated for 2016. Mr. Murdock added the City will be responsible for a \$198,000 match of which the County will pay \$144,000.

Mr. Lange stated the City may also get funding from AAATA for work done on Adams Street.

Council Member Murdock stated if the construction on Prospect and Adams will begin in 2015 and OHM is also recommending 8 other streets for repair.

Mr. McNamara responded yes, those 8 streets are candidates for repair, if funding is available. Mr. McNamara added those 8 streets would be fairly inexpensive to repair as they are not too damaged.

Council Member Murdock stated the City would be responsible for 50% of the cost for those repairs.

Mr. McNamara responded the exact amount may be lower and the City would be responsible for a 20% match to the 80% federal match for the construction. Mr. McNamara added once the cost of engineering and design are factored in the ratio is closer to 50%.

Council Member Murdock asked if the City's match would come out of the Major Street Fund.

Mr. Kirton replied yes.

Mayor Pro-Tem Richardson asked what micro-surfacing is.

Mr. McNamara responded a thin asphalt overlay, not a hot mix and has smaller granulated sand which helps seal the road and keep it in good condition.

Mayor Pro-Tem Richardson stated it is a preventative measure.

Mr. McNamara responded yes.

Council Member Robb asked if micro-surfacing was the method used on North Prospect between Thomas and Holmes.

Mr. McNamara replied no, that was spray patching, if micro-surfacing is used the road would appear new.

Mr. Lange added a good comparison would be resealing a driveway.

2. ReImagine Washtenaw Study – Community Development Director Teresa Gillotti

Council Member Robb asked Community Development Director Gillotti if there was disconnect between the ReImagine Washtenaw and the Shape Ypsi processes, stating the diagram indicates buildings not allowed in the Master Plan.

Ms. Gillotti stated the Washtenaw Corridor is commercial at Hewitt and tapers down to residential as you approach Eastern Michigan University.

Council Member Robb asked if the document given to Council on September 12th has been updated.

Ms. Gillotti replied yes it has.

Council Member Robb asked if the Planning Commission has adopted the changes.

Ms. Gillotti responded not at this date.

Mayor Schreiber stated the ReImagine Washtenaw project began with two goals; to find funding mechanisms to improve the variety of modes of transportation along the corridor and providing a continuous set of permitting guidelines from the stone coffee house in Ann Arbor to the stone water tower in Ypsilanti.

Mr. Vogt answered that is the idea put the pieces together getting the area ready for development.

Mayor Schreiber that Mr. Vogt and others involved for the hard work on this project.

VIII. AUDIENCE PARTICIPATION –

1. Joe Golder, 1002 Wasthhenaw, asked City Council to conduct an investigation into the C-MAQ Grant of 2011. Mr. Golder informed Council that due to the work done by that grant EMU was able to encroach on his property which has affected his quality of life.
2. Deborah Borden, Service Coordinator for Washtenaw County Tobacco-Use Prevention Program, stated she is in support of the Ordinance to ban smoking in "tot lots". Ms. Borden stated the cigarette butts pollute the area and pose a health risk to children.

3. Monique James, Washtenaw Community College, stated she is glad that a resolution considering a memorandum of understanding is going before Council and is grateful that the partnership is going to continue.
4. Tom Frye, 1355 Lathers, stated he is here on behalf of the Parkridge Center and is very pleased with its continued improvement. Mr. Frye asked Council to take a moment of their time and visit the Parkridge Center and see all the improvements that have been made.

IX. REMARKS BY THE MAYOR –

- Mayor Schreiber thanked all those who spoke; Ms. Borden for supporting the smoking ban in the “tot lots” and Mr. Frye and Ms. James for their support of the Parkridge agreement.
- Mayor Schreiber asked City Attorney John Barr to provide Council with a summary of the matter presented by Mr. Golder.

City Attorney John Barr stated during Eastern Michigan University construction of Oakwood the land was surveyed and EMU and the City, provided with evidence documented by the County, saw no issue and construction commenced. Mr. Barr stated Mr. Golder believed there is a vacated alley however there is no evidence of this with the Register of Deeds. Mr. Barr stated that if Mr. Golder has any new evidence he would review that and make a decision, if there is no new evidence the decision will remain the same.

Mayor Pro-Tem Richardson asked what would make Mr. Golder satisfied with this situation and that Council should ask him how to settle this matter.

Mayor Schreiber responded he would provide Mayor Pro-Tem Richardson with Mr. Golder’s phone number however, Mayor Schreiber stated, he has never been able to resolve that issue.

City Manager Lange stated he has spoken with Mr. Golder and a monetary number was discussed, however, after speaking with EMU and the attorney’s office it was found that a settlement would not be appropriate.

- Thanked Council and said that it has been a pleasure working with them as well as the City Manager and Staff. Mayor Schreiber stated he will still be around and asked if Council wishes he would again sit on the Ypsilanti Housing Commission.

City Manager Lange asked if the Mayor was going to discuss the transition meeting.

- Mayor Schreiber asked City Attorney John Barr to discuss the transition meeting.

City Attorney Barr stated the new Council takes office at 7:30 p.m. on Monday, November 10, if the meeting begins at 7:00 p.m. the present Council would begin the meeting.

Council Member Murdock stated the organization meeting in the past was always presided over by the New Council.

Council Member Robb stated when Mr. Bodary left, Council conducted business before Ms. Moeller was sworn in to Council.

Council Member Jefferson stated when he was sworn in the old Council was present to conduct business before the new members took their seat.

Mayor Schreiber stated that was also the case in 2006 and it is the prerogative of Council how they wish to proceed. Mayor Schreiber asked Council if they had any objections to just having the new Council sworn in on November 10th and not have the old Council present.

Mayor Pro-Tem Richardson asked if there was going to be a Council meeting on the 6th, if not will business be conducted at the meeting held on the November 10th.

Council Member Murdock responded the meeting held on November 10th is primarily focused on organizational material.

Mayor Pro-Tem Richardson asked if that means the first Council meeting in November will be bypassed.

Council Member Murdock stated Council will still hold a meeting on November 18th.

REQUEST FOR LEGISLATION

From: Stan Kirton, Director of Public Services

Date: November 10, 2014

Subject: Agreement with Orchard, Hiltz & McCliment, Inc. for Design Engineering Services for Adams Street Reconstruction, Pearl to Cross

Summary and Background:

STP-U funding has been programmed for the reconstruction of Adams Street between Pearl and Cross Streets in the 2015 construction season. This reconstruction project includes the complete removal of the existing asphalt pavement and concrete curb and gutter and replacing the road with concrete pavement with integral curbs.

YCUA has plans to renew the water main in this section of Adams. Depending on the funding source for the water main renewal, there is a potential for YCUA to pay for the asphalt paving of the trench required for the water main installation. YCUA will cost share the topographic survey and the soils investigation.

The total project cost is estimated at \$402,000. There will be approximately \$322,000 in Federal Funds for this project. The City's estimated share for construction is \$81,000. The estimated cost for design and construction engineering is \$117,000. This total project costs to the City will be approximately \$198,000. City staff will attempt to leverage some cost share funds from AAATA.

Orchard, Hiltz and McCliment has submitted a proposal to provide a topographic survey of the project area, geotechnical services and design engineering services for the lump sum of \$39,800. I recommend hiring OHM to provide design engineering services for this project at a lump sum cost of \$39,800.

The FY 14-15 budget allocated funding for the design engineering services needed for this project.

City of Ypsilanti

Attention: **Mr. Stan Kirton, Director DPS**

Regarding: **City of Ypsilanti**
Adams Street Reconstruction – Pearl Street to Cross Street
Proposal for Engineering Design Services

Dear Mr. Kirton:

OHM Advisors is pleased to submit this proposal for engineering services for Adams Street in the City of Ypsilanti.

PROJECT UNDERSTANDING

We understand that this project will be a total reconstruction of Adams Street from Pearl Street to Cross Street – approximately 1,300 feet. The existing asphalt pavement and concrete curb and gutter will be completely removed and replaced with concrete pavement with integral curb. The existing road width will be maintained, which includes one travel lane in each direction, and parallel parking on the west side.

The existing water main is undersized and in poor condition. YCUA will prepare a water main replacement design to be included in the contract.

The preliminary opinion of the construction cost for paving is \$402,000. The project is currently included in the Long Range Plan (LRP), and has been submitted for inclusion in the Transportation Improvement Plan (TIP) with the most recent call for projects.

SCOPE OF SERVICE

Topographic Survey

OHM will prepare a topographic survey plan of the public right-of-way in the project area. The limits of the topographic survey will be the right-of-way of Adams Street from Pearl Street to Cross Street (approximately 1,300 linear feet). The cost of the topographic survey will be split with YCUA.

We will use the full topography to generate a base map for the design of this project. The topographic survey will consist of the following:

1. Existing features visible without excavation and ground elevations at 50 ft. intervals along the limits of the survey (i.e. driveways, culverts, utility poles, etc.).
2. Underground utilities will be shown based on record drawings.
3. Utility structures within the existing right-of-way will be inventoried. Rim elevation, pipe size, material, and invert elevation will be provided for sanitary and storm structures.
4. Full topography will be provided within the right-of-way and 10 feet beyond the right-of-way lines.
5. Individual trees over 6" in diameter will be located and shown on the survey.

Engineering Design

OHM will convert the topographic survey information into base drawings. The base drawings will be field checked prior to the commencement of the design process. As part of the design phase, OHM will:

1. Coordinate a soils analysis with a geo-technical sub-consultant. The cost for sub-consultant services is included in the fee below.
2. Prepare preliminary construction plans, showing line and grade of the proposed pavement for City and MDOT review.
3. Prepare detailed construction plans incorporating requested revisions.
4. Prepare technical specifications and method of payment detailing materials, equipment, and labor necessary to perform the work. Specifications will be prepared in a manner appropriate for insertion into the standard MDOT contract book. The City of Ypsilanti will be the responsible party for the construction contract.
5. Provide final copies of detailed construction plans to the City and MDOT for review.
6. Plan and attend one meeting with the City to review contract documents prior to bidding.
7. Prepare an engineer's opinion of probable construction costs.
8. Prepare a bid sheet detailing all items of work and associated quantities using the MERL format.

Permits and MDOT Coordination

1. Prepare soil erosion permit application as required to secure a permit from Washtenaw County. Permit applications will be completed with the City as the responsible party.
2. Prepare and submit the MDOT Program Application for Local Agency Projects.
3. Submit the Grade Inspection (G.I.) package as required by MDOT to trigger the scheduling of the G.I.; attend the G.I.
4. Submit final plans, special provisions, and construction cost opinion to MDOT.

FEE SCHEDULE

Services for soils investigation, topographic survey, and engineering design will be performed on a lump sum basis for the following amount.

Soils Investigation*, Topographic Survey*, and Engineering Design \$39,800

*Topographic Survey and Soils Investigation costs shared with YCUA

ADDITIONAL SERVICES

OHM will be pleased to provide additional services for this project on a time and material basis. Costs for these services would be provided under a separate proposal.

FURTHER CLARIFICATIONS AND ASSUMPTIONS

The above fee is based upon the following assumptions:

1. Design of water or sanitary system improvements is not included in this proposal. This will be addressed directly with YCUA.
2. It is not anticipated that easements will be required for this work. In the event it becomes apparent that additional right-of-way will be required to complete the project, OHM will provide a separate proposal for professional services to assist the City in preparing and obtaining easements.
3. Services not included:
 - a. Construction phase services such as, but not limited to, construction management, contract administration, construction observation, construction layout.
 - b. Permit fees.
 - c. Drainage or environmental studies.

DELIVERABLES

OHM will provide the City and MDOT with detailed construction plans and specifications. MDOT will use the plans and specifications to prepare bidding documents. It is understood that the schedule will primarily be dictated by the requirements of MDOT and potential stimulus funding.

BASIS OF PAYMENT

OHM will invoice the City on a monthly basis in accordance with the continuing services agreement between OHM and the City.

We thank you for this opportunity to provide professional engineering services. Should there be any questions, please contact us.

Sincerely,

OHM Advisors,

Marcus J McNamara

Obligor shall pay for and obtain all permits, licenses and taxes related to the ownership, installation, operation, possession, storage or use of the Equipment. If the Equipment includes any titled vehicle(s), then Obligor is responsible for obtaining such title(s) from the State and also for ensuring that Obligor is listed as First Lienholder on all of the title(s). Obligor shall not use the Equipment to haul, convey or transport hazardous waste as defined in the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et. seq. Obligor agrees that Obligor or its Assignee may execute any additional documents including financing statements, affidavits, notices, and similar instruments, for and on behalf of Obligor which Obligor deems necessary or appropriate to protect Obligor's interest in the Equipment and in this Contract. Obligor shall allow Obligor to examine and inspect the Equipment at all reasonable times.

#### IX. Default

**Section 9.01 Events of Default defined.** The following events shall constitute an "Event of Default" under this Contract:

- (a) Failure by Obligor to pay any Contract Payment listed on Exhibit B for fifteen (15) days after such payment is due according to the Payment Date listed on Exhibit B.
- (b) Failure to pay any other payment required to be paid under this Contract at the time specified herein and a continuation of said failure for a period of fifteen (15) days after written notice by Obligor that such payment must be made. If Obligor continues to fail to pay any payment after such period, then Obligor may, but will not be obligated to, make such payments and charge Obligor for all costs incurred plus interest at the highest lawful rate.
- (c) Failure by Obligor to observe and perform any warranty, covenant, condition, promise or duty under this Contract for a period of thirty (30) days after written notice specifying such failure is given to Obligor by Obligor, unless Obligor agrees in writing to an extension of time. Obligor will not unreasonably withhold its consent to an extension of time if corrective action is instituted by Obligor. Subsection (c) does not apply to Contract Payments and other payments discussed above.
- (d) Any statement, material omission, representation or warranty made by Obligor in or pursuant to this Contract which proves to be false, incorrect or misleading on the date when made regardless of Obligor's intent and which materially adversely affects the rights or security of Obligor under this Contract.
- (e) Any provision of this Contract which ceases to be valid for whatever reason and the loss of such provision would materially adversely affect the rights or security of Obligor.
- (f) Obligor admits in writing its inability to pay its obligations.
- (g) Obligor defaults on one or more of its other obligations.
- (h) Obligor becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies for or consents to the appointment of a receiver, trustee, conservator, custodian, or liquidator of Obligor, or all or substantially all of its assets, or a petition for relief is filed by Obligor under federal bankruptcy, insolvency or similar laws, or is filed against Obligor and is not dismissed within thirty (30) days thereafter.

**Section 9.02 Remedies on Default.** Whenever any Event of Default exists, Obligor shall have the right to take one or any combination of the following remedial steps:

- (a) If Obligor fails to make scheduled Contract Payments, then Obligor shall have the right to obtain a judgment against Obligor in an amount not less than the sum of all Contract Payments due as set forth on Exhibit B plus any other amounts that may be owing hereunder. Obligor will be liable for any damage to the Equipment caused by Obligor or its employees or agents. Obligor shall be responsible to Obligor for all costs incurred by Obligor in the enforcement of its rights under this Contract including, but not limited to, reasonable attorney fees.
- (b) With or without terminating this Contract, Obligor may require Obligor at Obligor's expense to redeliver any or all of the Equipment and any additional collateral to Obligor to a location specified by Obligor. If Obligor exercises this remedy, Obligor will provide Obligor written notice at least fifteen (15) days prior to the date the Equipment is to be delivered to Obligor. If Obligor fails to deliver the Equipment and any additional collateral, Obligor may enter the premises where the Equipment and any additional collateral is located and take possession of the Equipment and any additional collateral and charge Obligor for costs incurred. Notwithstanding that Obligor has taken possession of the Equipment and any additional collateral, Obligor shall still be obligated to pay the remaining Contract Payments due up until the end of the Contract Term. Obligor will be liable for any damage to the Equipment and any additional collateral caused by Obligor or its employees or agents.

**Section 9.03 No Remedy Exclusive.** No remedy herein conferred upon or reserved to Obligor is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Contract now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or shall be construed to be a waiver thereof.

#### **Section 9.04 Return of Equipment and Storage.**

- (a) **Surrender:** The Obligor shall, at its own expense, surrender the Equipment, any Additional Collateral and all required documentation to evidence transfer of title from Obligor to the Obligor in the event of a default by delivering the Equipment and any Additional Collateral to the Obligor to a location accessible by common carrier and designated by Obligor. In the case that any of the Equipment and any Additional Collateral consists of software, Obligor shall destroy all intangible items constituting such software and shall deliver to Obligor all tangible items constituting such software. At Obligor's request, Obligor shall also certify in a form acceptable to Obligor that Obligor has complied with the above software return provisions and that they will immediately cease using the software and that they shall permit Obligor and/or the vendor of the software to inspect Obligor's locations to verify compliance with the terms hereof.
- (b) **Delivery:** The Equipment and any Additional Collateral shall be delivered to the location designated by the Obligor by a common carrier unless the Obligor agrees in writing that a common carrier is not needed. When the Equipment and any Additional Collateral is delivered into the custody of a common carrier, the Obligor shall arrange for the shipping of the item and its insurance in transit in accordance with the Obligor's instructions and at the Obligor's sole expense. Obligor at its expense shall completely sever and disconnect the Equipment and any Additional Collateral or its component parts from the Obligor's property all without liability to the Obligor. Obligor shall pack or crate the Equipment and any Additional Collateral and all of the component parts of the Equipment and any Additional Collateral carefully and in accordance with any recommendations of the manufacturer. The Obligor shall deliver to the Obligor the plans, specifications, operation manuals or other warranties and documents furnished by the manufacturer or vendor on the Equipment and any Additional Collateral and such other documents in the Obligor's possession relating to the maintenance and methods of operation of such Equipment and any Additional Collateral.
- (c) **Condition:** When the Equipment is surrendered to the Obligor it shall be in the condition and repair required to be maintained under this Contract. It will also meet all legal regulatory conditions necessary for the Obligor to sell or lease it to a third party and be free of all liens. If Obligor reasonably determines that the Equipment or an item of the Equipment, once it is returned, is not in the condition required hereby, Obligor may cause the repair, service, upgrade, modification or overhaul of the Equipment or an item of the Equipment to achieve such condition and upon demand, Obligor shall promptly reimburse Obligor for all amounts reasonably expended in connection with the foregoing.
- (d) **Storage:** Upon written request by the Obligor, the Obligor shall provide free storage for the Equipment and any additional collateral for a period not to exceed 60 days after the expiration of the Contract Term before returning it to the Obligor. The Obligor shall arrange for the insurance described to continue in full force and effect with respect to such item during its storage period and the Obligor shall reimburse the Obligor on demand for the incremental premium cost of providing such insurance.

This means that the Obligor and the Obligor may agree to the financing of additional Equipment under this Contract at some point in the future by executing one or more Additional Schedules to Exhibit A and Exhibit B, as well as other exhibits or documents that may be required by Obligor. Additional Schedules will be consecutively numbered on each of the exhibits which make up the Additional Schedule and all the terms and conditions of the Contract shall govern each Additional Schedule.

**Section 10.08 Entire Writing.** This Contract constitutes the entire writing between Obligor and Obligor. No waiver, consent, modification or change of terms of this Contract shall bind either party unless in writing and signed by both parties, and then such waiver, consent, modification or change shall be effective only in the specific instance and for the specific purpose given. There are no understandings, agreements, representations, conditions, or warranties, express or implied, which are not specified herein regarding this Contract, the Equipment or any additional collateral, financed hereunder. Any terms and conditions of any purchase order or other documents submitted by Obligor in connection with this Contract which are in addition to or inconsistent with the terms and conditions of this Contract will not be binding on Obligor and will not apply to this Contract.

(A "Bank Qualified Issuer" is an issuer that issues less than ten million (\$10,000,000) dollars of tax-exempt obligations during the calendar year).

Now, therefor, Obligor hereby designates this Contract as follows:

1. **Designation as Qualified Tax-Exempt Obligation.** Pursuant to Section 265(b)(3)(B)(i) of the Internal Revenue Code of 1986 as amended (the "Code"), the Obligor hereby specifically designates the Contract as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Code. 1. **SECURITY INTEREST:** Buyer grants to Seller a security interest in the equipment including any attachments, accessions and proceeds to secure payment and performance of Buyer's obligations under this Agreement including, but not limited to, any remedies or rights exercised by Seller under this Agreement to preserve, protect or otherwise secure the equipment. Buyer shall execute all forms and documents reasonably requested and required by Seller for the filing and perfection of the security interest. Buyer shall (a) keep the equipment in the State of Michigan, unless receiving prior written consent of seller (b) keep the equipment in good repair, condition and working order and (c) shall not sell, encumber, dispose of, transfer or assign any interest in the equipment without Seller's prior written consent or until such time as Seller has released its security interest in the equipment.
2. **OTHER INDEBTEDNESS:** Notwithstanding payment in full of the balance appearing on the reverse side of this Sales and Security Agreement the security interest created by this agreement shall continue in and to the Collateral for the full amount of any other indebtedness which may be owing by the Buyer to Seller.
3. **MODEL YEAR:** The term "New" in reference to the equipment designates that the equipment has less than 100 hours usage. "New" does not refer to the model year.
4. **BUYER'S INSPECTION:** Buyer shall inspect the equipment within 48 hours of receipt of delivery. Buyer shall be conclusively presumed to have inspected the equipment and to be satisfied with its condition and conformance to the above description unless, within said period of time, Buyer gives written notice to Seller specifying any defect.
5. **DELIVERY:** Seller shall have the right to specify and alter the date of delivery. Seller shall not be liable to Buyer for delays in delivery for any reason. The place of delivery shall be the Buyer's address above stated or Buyer's job site, unless otherwise specified by Seller.
6. **WARRANTY: BUYER PURCHASES THE EQUIPMENT WITH THE WARRANTY DESCRIBED ON THE FRONT PAGE OF THIS AGREEMENT.**
7. **LIMITATION OF REMEDIES AND LIABILITY: SELLER SHALL NOT BE LIABLE FOR ANY LOSS OR DAMAGE WHATSOEVER WHICH IS INCURRED AS A RESULT OF DELAY, OR FAILURE TO FURNISH EQUIPMENT REGARDLESS OF THE CAUSE. THE SELLER SHALL NOT BE LIABLE FOR ANY DAMAGE BY REASON OF FAILURE OF THE EQUIPMENT TO OPERATE OR OF FAULTY OPERATION OF THE EQUIPMENT OR SYSTEM. THE SELLER SHALL NOT BE HELD RESPONSIBLE FOR ANY LOST PROFITS, DIRECT OR CONSEQUENTIAL DAMAGE OR LOSSES RESULTING FROM THE SELECTION, INSTALLATION, OPERATION OR USE OF THE EQUIPMENT. SELLER'S LIABILITY REGARDING THE EQUIPMENT AND THIS AGREEMENT FOR ANY CLAIMS, COSTS, DAMAGES, LOSSES AND EXPENSES WHETHER ARISING IN NEGLIGENCE, CONTRACT, TORT OR OTHERWISE SHALL BE LIMITED TO THE AGGREGATE PRICE OF THE EQUIPMENT PAID AS OF THE DATE THAT THE CLAIM OCCURS GIVING RISE TO THE LIABILITY.**
8. **TAXES:** Buyer shall pay when due all taxes and assessments on the equipment or its use.
9. **INSURANCE AND RISK OF LOSS:** Buyer agrees that, at its own expense, it shall keep the equipment insured during the entire period of its possession and that Buyer has rights under this Agreement for the full replacement value thereof and against all risk of damage and loss to the equipment and for public liability and property damage, with a minimum of \$1,000,000 general aggregate limit and \$1,000,000 per occurrence limit, from the use of the equipment to third parties at all times and naming Seller as the loss payee. Buyer shall provide Seller with certificates of insurance prior to delivery of the equipment, and at any subsequent time thereafter upon written request by Seller. The certificates shall require the insurer to give Buyer ten (10) days notice before canceling or changing the coverage provided therein. Upon failure of the Buyer to provide proof of this insurance, Seller may, at its sole discretion, obtain insurance. Buyer agrees to reimburse Seller immediately for the costs incurred by Seller in obtaining this insurance. Buyer shall be and remain liable for the full replacement value of the equipment and for any loss or damage thereto or to any third parties notwithstanding Buyer's failure to maintain such insurance or Seller's non-exercise of Seller's remedies for any reason under this Agreement. Buyer shall also maintain insurance to cover the contractual liability of Buyer to hold the Seller harmless from any claim for bodily injury or property damage arising in connection with equipment, as provided in the "INDEMNIFICATION" paragraph herein.
10. **BUYER'S DEFAULT AND SELLER'S REMEDIES:** Buyer shall be in default for each or any of the following: (1) Buyer fails to make any payment required under the Agreement, (2) any representation or warranty to Seller which is false or misleading, (3) any failure to perform any provision of this Agreement, or other covenant, agreement or warranty made to Seller by Buyer and the failure continues for ten (10) days after notice to Buyer by Seller, (4) Buyer ceases to do business, becomes insolvent, makes an assignment for the benefit of creditors or files any petition or action under any bankruptcy, reorganization, insolvency or moratorium law, or any other law or laws for the relief of, or relating to, debtors, and (5) filing of any involuntary petition under any bankruptcy statute against Buyer or any guarantor of this Agreement, or appointment of a receiver, trustee, custodian or similar official to take possession of the properties of Buyer or any guarantor of this Agreement, unless the petition or appointment ceases to be in effect within thirty (30) days after filing of appointment. In the event of Buyer's default, Seller shall have the right to the following remedies: (1) Proceed by court action to enforce performance by Buyer of the provisions of this Agreement or to recover damages for their breach; (2) upon notice to Buyer, terminate this Agreement and do any one or more of the following: (a) declare the balance due with respect to each unit of equipment immediately due and owing and recover any additional damages and expenses sustained by Seller due to Buyer's breach of this Agreement, (b) enforce Seller's security interest, (c) require Buyer to return the equipment, and (d) enter the premises where any unit of equipment may be and take possession of it without notice, liability or legal process. In the event of Buyer's default, Seller may undertake reasonable efforts to sell or dispose of the equipment and the proceeds of any sale or release shall be applied in the following order: (1) to reimburse Seller for all expenses of retaking, holding, preparing for sale or disposal of the equipment, including any taxes, charges, costs, expenses and reasonable attorney's fees incurred by Seller, (2) to pay Seller all amounts which under the term of this Agreement are due or have accrued as of the date of Seller's receipt of the proceeds; (3) to pay Seller the balance due with respect to the equipment; (4) require Buyer to provide additional collateral or assurances to make Seller secure; and (5) require Buyer to assemble the equipment and deliver to Seller's closest branch at Buyer's expense. Any surplus shall be paid to the person entitled to it. Buyer shall promptly pay any deficiency to Seller. Buyer acknowledges that sales for cash or credit to a wholesaler, retailer or user of the equipment are all commercially reasonable. The remedies provided to Seller shall be cumulative and shall be in addition to all other remedies existing at law or in equity. If Buyer fails to perform any of its obligations under this Agreement, Seller may perform the obligations and the expenses incurred by Seller as a result shall be payable by Buyer upon demand.

12. **WAIVER:** The absence of Seller's exercise of any remedy under this Agreement or under law or equity shall not constitute a waiver of that remedy. Seller's waiver of any default by Buyer shall not operate as a waiver of any other of the same or different subsequent default.
13. **LIMITATION OF ACTIONS: NO ACTION, REGARDLESS OF FORM ARISING OUT OF THE TRANSACTIONS UNDER THIS AGREEMENT MAY BE BROUGHT BY THE BUYER MORE THAN ONE (1) YEAR AFTER THE CAUSE OF ACTION HAS OCCURRED.**
14. **ATTORNEY'S FEES:** Buyer agrees to pay any and all of Seller's costs and expenses, including reasonable attorney's fees, in connection with an unsuccessful action alleging breach of warranty or defect in a unit of equipment, the material used therein or the design, manufacture or testing thereof.
15. **TRAINING:** Seller shall provide Buyer with one copy of all operating manuals prepared by the manufacturer of the equipment. Seller shall have no obligation to provide training to Buyer or its employees in the use and operation of the equipment. Seller may, at its sole discretion, enter into a separate agreement with Buyer to provide training. Buyer represents that he will, at all times, utilize properly trained employees and/or subcontractors to operate the equipment - failure to do so invoke any and all of the Indemnification clauses detail in Section 11.
16. **MISCELLANEOUS:** All notices to be provided under this Agreement shall be made in writing and deemed sufficiently given if mailed to the other party at the address set forth on the reverse side of this Agreement, or at any other address specified in a written notice given by either party to the other, by U.S. Registered or Certified Mail. Buyer will not change or remove any insignia or lettering on the equipment which identified Seller's current or previous ownership. This Agreement may be assigned by Seller to a third party without the prior written consent of the Buyer. This Agreement (which includes any supplements which are attached hereto and signed by Seller and Buyer) contains the entire understanding between Seller and Buyer with respect to the equipment and the subject matter and supersedes all prior written or oral agreement or understandings relating thereto. No variation or modification of this Agreement shall be valid unless in writing and signed authorized representatives of Seller and Buyer. If any provision of this Agreement shall be invalid under any law, it shall be deemed omitted and the remaining provisions hereof shall be given effect. All obligations of Buyer under this Agreement shall survive the expiration or termination of this Agreement to the extent required for their full observance and performance or to enforce Seller's rights or remedies. The parties hereto agree that the law of Michigan shall govern their rights and duties under this Agreement and that this Agreement was made in Michigan.
17. **DISPUTE RESOLUTION:** The parties shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives. If any such dispute cannot be settled through negotiation, the parties agree first to try in good faith to settle the dispute by mediation administered by the American Arbitration Association under its Commercial Mediation Rules before resorting to arbitration. Any such dispute which has not been resolved by a non-binding procedure as provided herein within 90 days of the initiation of such procedure, shall be settled by arbitration in accordance with the then current American Arbitration Association Rules for Commercial Disputes by three independent and impartial arbitrators, none of whom shall be appointed by either party. If either party will not participate in a non-binding procedure, the other may initiate arbitration before expiration of the above period. The arbitration shall be governed by the United States Arbitration Act, 9 U.S.C. § 1-18, and judgment upon the award rendered by the arbitrators may be entered by any court having jurisdiction thereof. The place of arbitration shall be Oakland County, Michigan. The arbitrator(s) are not empowered to award damages in excess of compensatory damages. The arbitrators shall award costs and attorneys fees to the prevailing party. Revised 10/15/13 MJB

REQUEST FOR LEGISLATION  
November 10, 2014

To: Mayor and Council

From: Chief Max Anthouard

Subject: Grant Application Authorization

---

SUMMARY & BACKGROUND:

The City of Ypsilanti Fire Department is eligible to apply for a FEMA grant under the 2014 Assistance to Firefighters Grant (AFG). The primary goal of this grant is to meet the firefighting and emergency response needs of fire departments.

The Fire Department is asking for authorization to apply for this grant to replace their 1996 engine. This unit has numerous mechanical problems and did not pass the last pump testing. The cost of repairs to maintain this vehicle viable surpasses its value.

The fire department is looking at purchasing an engine similar to their 2011 engine for a purchase price of \$450,000. There is a minimal 5% match requirement for this grant.

The purchase of the 2011 engine was also realized by obtaining an AFG grant in 2010.

The application process opened Monday, November 3 and is scheduled to close December 5, 2014 at 5 p.m. eastern time.

Though last year, only 10% of the applicants were successful in obtaining a fire apparatus, the recent ratification of automatic mutual aid under MABAS (Mutual Aid Box Alarm System) places the City in a good position.

RECOMMENDED ACTION: (Approval/Denial)

Resolution No. 2014-256  
November 10, 2014

**RESOLVED**, by the Ypsilanti City Council that the Council Protocol for City Staff shall be as follows.

## **COUNCIL PROTOCOL FOR CITY STAFF**

---

Governance of a City relies on the cooperative efforts of elected officials, who set policy, and City staff, who analyze problems and issues, make recommendations, implement and administer the Council's policies. Therefore, every effort should be made to be cooperative and show mutual respect for the contributions made by each individual for the good of the community.

### **I. Conduct Toward Staff**

Clear, honest communication that respects the abilities, experience, and dignity of each individual is expected. Poor behavior towards staff is not acceptable.

### **II. Channels of Communication**

Questions of City staff and/or requests for additional background information should be directed only to the City Manager, Assistant City Manager, City Attorney, City Clerk, or Department Heads. The City Manager should be copied on any request to Department Heads. Council Members should not set up meetings with department staff directly, but work through Department Heads, who will attend any meetings with Council Members. When in doubt about what staff contact is appropriate, Council Members should ask the City Manager for direction.

### **III. Equal Access to Information**

Materials and information supplied to a Council Member in response to a request will be made available to all members of the Council so that all have equal access to information. The City Manager should ensure that such access is provided when appropriate.

### **IV. Public Criticism of Employees**

Council should never express concerns about the performance of a City employee in public, to the employee directly, or to the employee's manager. Comments about staff performance should only be made to the City Manager through private correspondence or conversation.

**Involvement in Administrative Functions**

Do not get involved in administrative functions. Council Members must not attempt to influence City staff on the making of appointments, awarding of contracts, selecting of consultants, processing of development applications, or granting of City licenses and permits.

**Attendance at Staff Meetings**

Do not attend staff meetings unless requested by staff. Even if the Council Member does not say anything, the Council Member's presence may imply support, show partiality, intimidate staff, or hampers staff's ability to do its job objectively.

**Requests for staff support.**

It shall require two members of Council to request staff support through the City Manager, who is responsible for allocating City resources in order to maintain a professional, well-run City government. It is up to the City Manager to ensure that staff resources are allocated in accordance with overall Council priorities. Research or preparation of material by the City Attorney may be requested directly by the Mayor, or two Council Members.

**Response to Citizen Complaints**

Depend upon the staff to respond to citizen complaints and concerns. It is the role of Council Members to pass on concerns and complaints on behalf of their constituents. It is not, however, appropriate to pressure staff to solve a problem in a particular way. Refer citizen complaints to the City Manager, who will follow up with appropriate staff. The staff should respond to all approved requests for information in an agreed upon timeframe. It is appropriate for Council Members to follow up with the Manager to determine how the concerns were resolved.
